CREATING ADVANTAGE

Charities?

Are you looking to upskill and develop your board of Trustees?

Trustees?

Are you wanting to expand your knowledge and feel more equipped & confident in your role as a Trustee?

Join the Smile Trustee Network

We are looking to create a sustainable Network for Trustees to benefit from ongoing learning and development opportunities as well as growing their networks and connections with peers and external organisations.

Thanks to support from Smailes Goldie, we can deliver the Trustee Academy programme and part fund the development and delivery of the Trustee Network. However, a small annual membership fee will be charged to charities that can afford it, those that can't, their fee may be subsidised in the first year (this will be looked at on a case by case basis).
