Thinking of becoming a Trustee, but unsure what the role involves? Sign up to the Smile Trustee Academy.

The Smile Trustee Academy is designed for individuals who are thinking about becoming a trustee. It is an 'online' learning programme, made up of five sessions, delivered weekly over five weeks, to provide insight and knowledge of a trustee role.

Thanks to sponsorship from Smailes Goldie, individuals can apply to join the Smile Trustee Academy by completing an short application form, to receive a funded place.

The Smile Trustee Academy is part of The Smile Trustee Network which aims to:

Develop the skills,
confidence & potential
of trustee Boards

Inspire & connect
new trustees to
great causes

Create a supportive
Network of trustees
across the region

Quality trustees are vital to the success of a charity and HEY Smile Foundation recognises the need for more outstanding trustees to support charities across our local area.

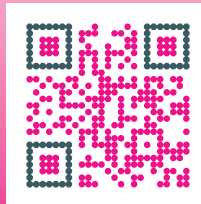

Just over 80% of charities registered to benefit from Smile services have highlighted the need for new trustees to join their charity. This reflects the level of the national trustee crisis with a significant lack of new trustees entering the sector.

We see individuals from local businesses and public sector services who have the skills required to become a great trustee, however, lack the knowledge and confidence of what becoming a trustee really involves.
